BLANK CHECKS. A neat article, for sale at the JOURNAL OFFICE.

McALISTER'S
ALL-HEALING
THE preceding figure is given to represent the insensible perspiration. It is the great evacuation for the impurities of the body. It will be noticed that a thick cloudy mist issues from all points of the surface, which indicates that this perspiration flows uninterruptedly when we are in health, but ceases when we are sick. Life cannot be sustained without it. It is thrown off from the blood and other juices of the body, and disposes of them, without any of the impurities within us. The language of Scripture is, "in the blood is the life." If it ever becomes impure, it may be traced directly to the stoppage of the insensible perspiration. To check this, without the aid of medicine, except to open the pores upon the surface. Thus we see the folly of taking so much internal medicine. All physicians, however, direct their efforts to restore the insensible perspiration. The Thompsonian, for instance, steams the Hydropathist surrounds us in wet blankets. The Homoeopathist deals out infinitesimal doses of medicine, and does us with mercury, and the blistering Quack gorges us with pills, pills, pills.
To give some idea of the amount of the insensible perspiration, we will state that the learned Dr. Leuwenhoek ascertained that five-eighths of all we receive into the stomach, passed off by this means. In other words, if we eat and drink eight pounds per day, we evacuate five pounds of it by the insensible perspiration.
This is none other than the used up particles of the blood, and other juices giving place to the new and lively matter. Therefore, it is to retain in the system five-eighths of all the vitriol matter that nature demands should leave the body.
By a sudden transition from heat to cold, the pores are stopped, the perspiration ceases, and disease begins at once to develop itself. Hence, a stoppage of this flow of the juices, originates so many complaints.
By stopping the pores, that overflows mankind with colds, colics, and consumption. Nineteen-tenths of the world die from diseases induced by a stoppage of the insensible perspiration.
Let us ask, now, every candid mind, what course seems the most reasonable to pursue, to unstop the pores, and let the disease give place to the healthy matter? Would you apply something that would stop the pores upon the surface, where the clogging actually is? And I know of no physician who makes any such application to effect it. Under these circumstances, I present to physicians, and all others, McALISTER'S ALL-HEALING OINTMENT, or the WORLD'S SAVORY OINTMENT. It is by stopping the pores, that the chest, in short upon any part of the body, after the disease slightly or severely, it has power to come all external sores, scalds, burns, morbid skin diseases, poisonous wounds, to discharge their putrid matter, then heals them.
It is a Balm that sweeps off the whole catalogue of cutaneous disorders, and restores the entire cuticle to its healthy functions.
I have used it for the last fourteen years for all diseases of the chest, consumption, liver, involving the stomach and bowels, and I declare before Heaven and man, that not in one single case has it failed to benefit, when the patient was within the reach of mortal disease.
I have had physicians, learned in the profession; I have had the ministers of the Gospel, Judges of the highest Aldermen and Lawyers, gentlemen of the highest education and MULTITUDES of the POOR, use it in every variety of way, and there has been but one voice—no dissent, universal voice—saying "McAlister, your Ointment is GOOD!"
HEADACHE.
The Sore has cured persons of the Headache of 12 years standing, and who had it regularly every week, so that vomiting often took place.
Dandruff and Ache are helped with like success.
OLD SORES.
That some Sore is an outlet to the impurities of the system, is because they cannot pass off through the natural channels of the insensible perspiration. If such sores are healed up, the impurities must find some other outlet, or it will run out by the skin. This Salve will always provide for such emergencies.
RHEUMATISM.
It removes almost immediately the inflammation and swelling, when the pain of course ceases.
FEVERS.
In all cases of fever, the difficulty lies in the pores being locked up, so that the heat and perspiration cannot pass off. If the least moisture could be started, the crisis is passed, and the disease over. McALISTER'S ALL-HEALING OINTMENT will in all cases of fevers assist its nature, and the skin and bring forth the perspiration.
**INFLAMMATION OF THE LIVER, RHEUM, LIVER COMPLAINT, SORE EYES, QUINCY, SORE THROAT, BRONCHITIS, BROKEN OR SORE BREAST, PILES, ALL CHEST DISEASES, such as ASTHMA, OPHTHALMIA, PAIN, also, SORE THROAT, CHAPPED HANDS, TUMORS, CUTANEOUS Eruptions, NERVOUS DISEASES, and of the SPINE there is probably no medicine now so good, and as for BURNS it has no equal in the world!
PIMPLES ON THE FACE, MASCELIN SKIN, GROSS SURFACE.
Its first action is to expel all malarious matter. It will not cure drawing till the face is free from any matter that may be lodged under skin, and frequently breaking out to the surface. It then heals. When there is nothing but grossness, or dull repulsive surface, it begins to soften and soften until the skin becomes as smooth and delicate as a child's.
WORMS.
If parents knew how fatal most medicines were to children taken in infancy, they would be slow to resort to them. Especially so, in the case of "coughs," "colics," "croup," "convulsions," "pills," &c. The truth is, no one can tell, invariably, when worms are present. Now let me say to parents, that this Salve will always tell of a child has worms. It will DRIVE every vestige of them away.
There is probably no medicine on the face of the earth at once so sure and so safe in the expulsion of worms.
AS A FAMILY MEDICINE.
No man can measure its value. So long as the stars roll on, and the heavens tremble, as long as the human race, subject to all infirmities of the flesh—so long as disease and sickness is known—just so long will this good Ointment be used and esteemed. When man ceases to feel of the earth, then the demand will cease, and not till then. JAMES McALISTER & Co.
CAUTION.—No Ointment will be genuine unless the name of JAMES McALISTER, of JAMES McALISTER & Co., are written with a pen upon every label.
Now we hereby offer a reward of \$500 to be paid on any conviction in any of the constituted courts of the United States, of any individual counterfeiting our name and Ointment.

Especially so, in the case of "coughs," "colics," "croup," "convulsions," "pills," &c. The truth is, no one can tell, invariably, when worms are present. Now let me say to parents, that this Salve will always tell of a child has worms. It will DRIVE every vestige of them away.
There is probably no medicine on the face of the earth at once so sure and so safe in the expulsion of worms.
AS A FAMILY MEDICINE.
No man can measure its value. So long as the stars roll on, and the heavens tremble, as long as the human race, subject to all infirmities of the flesh—so long as disease and sickness is known—just so long will this good Ointment be used and esteemed. When man ceases to feel of the earth, then the demand will cease, and not till then. JAMES McALISTER & Co.
CAUTION.—No Ointment will be genuine unless the name of JAMES McALISTER, of JAMES McALISTER & Co., are written with a pen upon every label.

McALISTER'S
ALL-HEALING
THE preceding figure is given to represent the insensible perspiration. It is the great evacuation for the impurities of the body. It will be noticed that a thick cloudy mist issues from all points of the surface, which indicates that this perspiration flows uninterruptedly when we are in health, but ceases when we are sick. Life cannot be sustained without it. It is thrown off from the blood and other juices of the body, and disposes of them, without any of the impurities within us. The language of Scripture is, "in the blood is the life." If it ever becomes impure, it may be traced directly to the stoppage of the insensible perspiration. To check this, without the aid of medicine, except to open the pores upon the surface. Thus we see the folly of taking so much internal medicine. All physicians, however, direct their efforts to restore the insensible perspiration. The Thompsonian, for instance, steams the Hydropathist surrounds us in wet blankets. The Homoeopathist deals out infinitesimal doses of medicine, and does us with mercury, and the blistering Quack gorges us with pills, pills, pills.
To give some idea of the amount of the insensible perspiration, we will state that the learned Dr. Leuwenhoek ascertained that five-eighths of all we receive into the stomach, passed off by this means. In other words, if we eat and drink eight pounds per day, we evacuate five pounds of it by the insensible perspiration.
This is none other than the used up particles of the blood, and other juices giving place to the new and lively matter. Therefore, it is to retain in the system five-eighths of all the vitriol matter that nature demands should leave the body.
By a sudden transition from heat to cold, the pores are stopped, the perspiration ceases, and disease begins at once to develop itself. Hence, a stoppage of this flow of the juices, originates so many complaints.
By stopping the pores, that overflows mankind with colds, colics, and consumption. Nineteen-tenths of the world die from diseases induced by a stoppage of the insensible perspiration.
Let us ask, now, every candid mind, what course seems the most reasonable to pursue, to unstop the pores, and let the disease give place to the healthy matter? Would you apply something that would stop the pores upon the surface, where the clogging actually is? And I know of no physician who makes any such application to effect it. Under these circumstances, I present to physicians, and all others, McALISTER'S ALL-HEALING OINTMENT, or the WORLD'S SAVORY OINTMENT. It is by stopping the pores, that the chest, in short upon any part of the body, after the disease slightly or severely, it has power to come all external sores, scalds, burns, morbid skin diseases, poisonous wounds, to discharge their putrid matter, then heals them.
It is a Balm that sweeps off the whole catalogue of cutaneous disorders, and restores the entire cuticle to its healthy functions.
I have used it for the last fourteen years for all diseases of the chest, consumption, liver, involving the stomach and bowels, and I declare before Heaven and man, that not in one single case has it failed to benefit, when the patient was within the reach of mortal disease.
I have had physicians, learned in the profession; I have had the ministers of the Gospel, Judges of the highest Aldermen and Lawyers, gentlemen of the highest education and MULTITUDES of the POOR, use it in every variety of way, and there has been but one voice—no dissent, universal voice—saying "McAlister, your Ointment is GOOD!"
HEADACHE.
The Sore has cured persons of the Headache of 12 years standing, and who had it regularly every week, so that vomiting often took place.
Dandruff and Ache are helped with like success.
OLD SORES.
That some Sore is an outlet to the impurities of the system, is because they cannot pass off through the natural channels of the insensible perspiration. If such sores are healed up, the impurities must find some other outlet, or it will run out by the skin. This Salve will always provide for such emergencies.
RHEUMATISM.
It removes almost immediately the inflammation and swelling, when the pain of course ceases.
FEVERS.
In all cases of fever, the difficulty lies in the pores being locked up, so that the heat and perspiration cannot pass off. If the least moisture could be started, the crisis is passed, and the disease over. McALISTER'S ALL-HEALING OINTMENT will in all cases of fevers assist its nature, and the skin and bring forth the perspiration.
**INFLAMMATION OF THE LIVER, RHEUM, LIVER COMPLAINT, SORE EYES, QUINCY, SORE THROAT, BRONCHITIS, BROKEN OR SORE BREAST, PILES, ALL CHEST DISEASES, such as ASTHMA, OPHTHALMIA, PAIN, also, SORE THROAT, CHAPPED HANDS, TUMORS, CUTANEOUS Eruptions, NERVOUS DISEASES, and of the SPINE there is probably no medicine now so good, and as for BURNS it has no equal in the world!
PIMPLES ON THE FACE, MASCELIN SKIN, GROSS SURFACE.
Its first action is to expel all malarious matter. It will not cure drawing till the face is free from any matter that may be lodged under skin, and frequently breaking out to the surface. It then heals. When there is nothing but grossness, or dull repulsive surface, it begins to soften and soften until the skin becomes as smooth and delicate as a child's.
WORMS.
If parents knew how fatal most medicines were to children taken in infancy, they would be slow to resort to them. Especially so, in the case of "coughs," "colics," "croup," "convulsions," "pills," &c. The truth is, no one can tell, invariably, when worms are present. Now let me say to parents, that this Salve will always tell of a child has worms. It will DRIVE every vestige of them away.
